

# Ealdormere Youth Rapier

## Purpose of Ealdormere's Youth Rapier program

The primary purpose of Ealdormere's Youth Rapier program is for youth to have fun and enjoy being part of the SCA. We can achieve this by providing a safe environment in which to learn and compete in rapier combat. As we rarely have a lot of youth in one place, more time may be spent in learning and games than in competing, both at practices and at events.

## Use of this Document

This document must be used in conjunction with

- the Society Youth Martial Handbook found here: <http://sca.org/officers/marshal/youthcombat/docs/YouthMartialHandbook.pdf> , which dictates the responsibilities of parents, and youth specific rules.
- the Society Rapier Combat Handbook found here: [http://www.sca.org/officers/marshal/docs/rapier/rapier\\_handbook.pdf](http://www.sca.org/officers/marshal/docs/rapier/rapier_handbook.pdf) which dictates additional armour and weapons criteria.
- the Ealdormere Rapier Combat Handbook found here: <http://www.ealdormere.ca/library.html> which provides the authorization structure, and clarity on kingdom specific restrictions on top of the Society rules.
- and the Ealdormere Earl Marshal's Handbook found here: [http://www.ealdormere.ca/uploads/2/4/1/5/24151324/ealdormere\\_earl\\_marshals\\_handbook\\_2011.rev\\_1.4.pdf](http://www.ealdormere.ca/uploads/2/4/1/5/24151324/ealdormere_earl_marshals_handbook_2011.rev_1.4.pdf) which provides the marshal structure and base reporting requirements. (Note, the date in the URL is earlier than the date in the document).

This document will outline the sections of those documents relevant to youth rapier in Ealdormere, with additional clarity and direction where Youth rules differ from the adult program, or where Ealdormere is more restrictive than Society. (While this can be confusing initially, it ensures that as the Society or Kingdom rules change, Youth rules will immediately encompass those changes.)

## Overview

All four documents noted above have important points, 2 are called out here

1. HAVE FUN
2. Rules are designed to promote safe rapier combat in the Society. However, no matter how clear or accurate, rules cannot replace common sense, good judgment, and concern for the participants. If a question arises when applying these standards, choose the answer that promotes the greatest degree of safety for all participants. (Ealdormere Rapier Combat Handbook)

## Parental Involvement

The Society Youth Martial Handbook contains this section. Worth repeating:

1. Parents are to understand this is a contact sport and that, despite the best attempts of these policies and rules, as in everyday play between children, injuries may occur.
2. Parents should make sure they have read and understand the impact of all waivers and "consent to participate" forms prior to signing those forms.

3. Parents are encouraged to stay involved in training, through encouragement or participation in marshalling.
4. Parents always have the right and responsibility to withdraw their child if they are concerned for their safety.

### **Youth Rapier Combat Participation**

Both training and combat require the supervision of a Youth Rapier Marshal and at least one adult unrelated to the marshal. Training can, and is encouraged to, happen at events, as many youths are unable to get to evening practice times. A Parent shall have witnessed the relevant SCA Youth Martial Activity, or be present at the first training session, before their child may participate.

### ***Age Divisions***

Youth Rapier age divisions will

- Division 1:
  - Recommended ages 6 to 9
  - Primarily using light rapier (epees and foils), but plastic foils are also allowed.
  - May move to Division 2 at the recommendation of a marshal and agreement of a parent.
- Division 2
  - Recommended ages 10 to 13.
  - Primarily using heavy rapier

Youths may authorize and fight in regular rapier in Ealdormere at age 14, with informed parental consent.

These age divisions are guidelines, while learning, youth should be paired with attention to:

1. Weapons being used
2. Experience in rapier combat
3. Maturity and self-control
4. Size of body and reach of arms

For training purposes, youth may be paired with adult fighters found suitable by the Youth Rapier Marshal.

While parents are encouraged to participate and cheer on the youth, they are not required to stay at the list field. Children under 10 years of age must have a parent, or an adult named on the medical authorization form, within sight or sound of their training. Youth Rapier combat is not a babysitting service, and anyone (including adults) not following the instructions of the marshal, or causing a disturbance with other participants, will be removed from the day's activities. Repeated problems will cause authorizations to be revoked, and rejection from further training.

### **Conventions of Combat**

Most clearly called out in the Society Rapier Handbook

### **Youth Rapier Weapons and Armour Requirements**

While Ealdormere Rapier only fights with Heavy Rapier blades, light rapiers (epees and foils) are not banned and can be used by Youth Rapier participants. The Youth Rapier Handbook also allows for plastic foils, typically used by the youngest rapier fighters. All 3 types of weapons may be used by Youth Rapier combatants in Ealdormere, as this allows for the widest range of learning opportunities, taking advantage of

available equipment, and preparation for interkingdom events (where youth may be restricted to one type of weapon depending on their age). Each type of weapon can only be used against others of the same class.

As defined in the Society Youth Martial handbook, Youth Rapier Combat starts at age 6, and in Ealdormere ends at 14, when authorization in regular rapier begins. Most 6 to 10 year olds will use a foil, with the smallest using a #0 or #2 foil (designating those 30" and 32" long). By age 10, look for a heavy rapier (as described in the Society Rapier Combat Handbook), with care taken for light weight and good balance (the cheapest options may not be the best options). Please consult an experienced rapier combatant for help in finding the best option for each youth's size and strength.

Armour requirements for plastic foils are found in the Society Youth Martial handbook. Armour requirements for light rapier will be taken from the Society Rapier Handbook (i.e. a rigid gorget is required for heavy rapier but not for light rapier). Armour requirements for heavy rapier will follow the Ealdormere standards for rapier combat. Daggers are recognized as a less than ideal training weapon, but at times the only weapon light enough for young rapier combatants, their use will follow the armour requirements for heavy rapier.

Note that armour is required when a youth might be hit by a weapon, but training exercises that preclude that possibility do not require armour.

## Youth Rapier Marshals

Parents are encouraged to be marshals. Youth are encouraged to become marshals in training or act as line marshals when others are fighting.

The Earl Marshals Handbook defines the structure of the marshallate in Ealdormere, these are the additional details specific to Youth Rapier.

1. The following Marshalling definitions apply to Youth Rapier Combat:
  1. **Youth Rapier Deputy** – A Youth Rapier Marshal warranted by the Earl Marshal to supervise and monitor Youth Rapier in the Kingdom.
  2. **Youth Rapier Marshal of the Field**– In addition to the Marshal of the Field requirements in the Earl Marshal's handbook, these must:
    - a. have a current SCA Youth Background Check
    - b. meet the training requirements as listed below,
  3. **Line marshals** – anyone may volunteer as a second set of eyes to assist youth rapier combat marshals during training, tournaments or melees, as requested by the marshal.
2. Before being warranted, Youth Rapier Marshals in Training must:
  1. Demonstrate an understanding and knowledge of the Society Youth Martial Handbook, Society Rapier Handbook, Ealdormere Rapier Rules, Youth Rapier Rules.
  2. Demonstrate an ability to work with youth at a variety of ages, train them, and judge their readiness to authorize.
  3. Have trained for at least 3 events with a warranted Youth Rapier Marshal.
3. Once warranted, a Youth Rapier Marshal may:
  1. Inspect youth rapier armour and weapons.
  2. Train youth rapier fighters.
  3. Help run authorisations of youth rapier fighters
  4. Run or marshal Youth Rapier tournaments.
  5. Serve as Marshal in Charge for Youth Rapier tournaments.

6. Sign Marshal in Training papers
4. All Marshals in Charge will:
  1. Ensure all individuals in charge of the event are aware of the activity, and that proper space has been arranged for in advance.
  2. Ensure that the space provided is adequate, clearly marked and safe prior to beginning the activity.
  3. Ensure that this document and the three documents it references are available at the list table. (The pages of the Society Youth Martial handbook specific to armoured combat can be omitted.)
  4. Ensure that a sufficient number of Marshals are available and that the 2-Deep rule is followed. The Seneschal's Handbook defines the 2-Deep rule.
  5. Ensure all participants provide the correct paperwork, and ensure any combat waivers collected are sent to the Minister of the Lists. Provide blank copies of waivers, medical authorization forms to be signed by parents, and blank authorization forms.
  6. Instruct all participants of the activities and rules for the day.
  7. Provide a complete Authorisation Summary report to the Deputy of Youth Rapier Combat within 10 days of the tourney, preferably via e-mail.
  8. Welcome adult fighters to participate in any way that provides a good example of learning, or safely enhances the fun for the youth.

## **Reporting**

The **Youth Rapier Deputy** will report quarterly to the Kingdom Earl Marshal and the Society Deputy for Youth Combat, and provide a list of Youth Rapier Marshals to be warranted at each Coronation.

A **Youth Rapier Marshal** will report in four ways:

- 1) Annually to confirm their continued interest in being a Youth Rapier Marshal providing:
  - a. Name, address, phone, and email
  - b. SCA membership number and expiry date
  - c. SCA Background check expiry date
  - d. Details of any weekly or irregular practices that youth are participating in, noting ages and weapons used, and any concerns
- 2) After each event they were Marshal in Charge at, providing
  - a. Name, date, and hosting group of the event
  - b. Types of activities engaged in, and who organized or taught them
  - c. List of successful authorizations
  - d. Recap of youth participants, with ages (at least approximate) and types of weapons used
  - e. Note of any concerns, issues, or things that could be improved
- 3) Any incident involving serious injury to a youth fighter shall be reported to the Youth Rapier Marshal, Earl Marshal, Society Deputy for Rapier, and the Society Deputy for Youth Combat. See "Injury Procedures" in the Society Youth Martial Handbook and Ealdormere Earl Marshal's Handbook
- 4) Incidents of inappropriate behavior by a youth combatant or participating adult, which is serious enough to require disciplinary action beyond the bounds of a single event, shall be reported to the Youth Rapier Marshal, Earl Marshal, Society Deputy for Rapier, and the Society Deputy for Youth Combat.

## **Adult Training of Youth at Official SCA Activities**

Youth Rapier Marshals will decide which people (youth or adult) are sufficiently skilled in the art, and capable of teaching youth, and engage them in training. Parents are encouraged to point out people they believe

would be good teachers, and raise concerns about any person who offers training. Parents always retain the right to train their own child, or to remove their child from any activity.

## Youth Rapier Authorizations

Authorizations will follow the structure of Ealdormere Rapier authorizations with the following changes

- 1) The following primary authorizations shall exist for Youth Rapier Combat
  - a. Plastic foils
  - b. Light rapier
  - c. Heavy Rapier
- 2) Point F, about out of kingdom epee, is to be ignored.
- 3) In addition to point G, the candidates' parent will not be one of the authorizing marshals, nor the fighter for the authorization.
- 4) Point J is to be ignored, as C&T is not allowed for Youth Rapier.

Stealth authorizations (in which the candidate is unaware they are being tested) are acceptable, but must still cover all parts of the authorization procedure.

If the youth has passed the authorisation bout, the Youth Rapier Marshal will complete the proper paperwork, and provide the designated adult with a copy to be sent to the Minister of the Lists. The proper paperwork shall consist of the "Youth Combat Authorization Information / Waiver" form – which includes both the youth's contact information, signed by the authorizing marshal, and a copy of the "Minor's Waiver and Informed Consent to Participate in SCA Combat-Related Activities".

The Minister of the List, upon receiving the completed paperwork, will issue an authorisation card. The authorisation card will be valid until the youth's 14<sup>th</sup> birthday. The authorisation card will be honoured for 3 months past the expiration date.
